Approval of Minutes of April 22, 2009

Motion was made by Farhad Moghimi, seconded by David Andrews and approved unanimously.

Acceptance of standard for wall usage on RTA Roadway Element Projects

1. It is the local jurisdiction's choice of what wall standard they wish to utilize when designing a project.
2. Noise walls must meet either ADOT or FHWA noise standards and apply scientifically proven decibel credit for the use of rubberized asphalt in order to be RTA reimbursable.
3. Screen walls not associated with noise mitigation must have a proven access or safety related purpose associated in order to be RTA reimbursable.

Motion was made by Jim Glock, seconded by Farhad Moghimi and approved unanimously.
